

Motion Industries and Bruce Nichols, with the Brock School of Business, began working together for Executive Education in 2011. Bruce worked with the Senior Management Team at Motion Industries and this team worked with respective faculty members for each key area. The end result was an exceptional program that provided development opportunities for our participants. The Brock School of Business faculty provided leadership and content that was both challenging and educational. The result was a one-week program that enables our company to bring participants from throughout the U.S. and Canada for a very rewarding session. We have seen graduates of this program promoted to key positions and there is no question the Executive Education Program has been an asset to each one.
